# THE HANDMAID'S TALE

Hulu will be giving its upcoming dystopian drama *The Handmaid's Tale* a triple-episode premiere. The show will launch with three episodes on April 26th and continue on a weekly basis thereafter. The first season will consist of 10 episodes.

Adapted from the classic novel by Margaret Atwood, *The Handmaid's Tale* is the story of life in the dystopia of Gilead, a totalitarian society in what was formerly the United States.

Facing environmental disasters and a plunging birthrate, Gilead is ruled by a twisted fundamentalism in its militarized "return to traditional values."

As one of the few remaining fertile women, Offred (Elisabeth Moss) is a Handmaid in the Commander's household, one of the caste of women forced into sexual servitude as a last desperate attempt to repopulate the world.

In this terrifying society, Offred must navigate between Commanders, their cruel Wives, domestic Marthas, and her fellow Handmaids – where anyone could be a spy for Gilead – all with one goal: to survive and find the daughter that was taken from her.
